#### VISA

The use of Visas will no longer be required in Stormhaven.

#### LAWS

A set of Kingdom Laws are now posted outside the citadel and at the Sheriff's office. All residents and travelers within the Kingdom boundaries are subject to these laws without exception.

#### GROWLING GRIFFON TAVERN

The rule of no fighting within the tavern is lifted. This is to enable the ability to enforce the laws of Stormhaven. We feel the Laws themselves act as tavern rules to keep peace within as well as throughout the kingdom.
